**Agenda 1: Action Taken report of 12<sup>th</sup> SCAA meeting held on 15.12.2023 and 18.12.2023.**

Minutes of 12<sup>th</sup> SCAA meeting dated 15.12.2023 and 18.12.2023 along with affiliation orders have been issued and uploaded on NCVT MIS Portal. The same has been informed to all members and the same was ratified by the committee.

**Agenda 2: Reports received in compliance of SCAA remarks of previous SCAA meetings.**

Compliance reports received from respective State Directorate till 29.01.2024 have discussed in the meeting and final remarks of the committee are attached in **Annexure-I**

**Agenda 3 Affiliation proposal received through Minutes of Meeting of SSDECs of following states.**

Affiliation proposal received through Minutes of Meeting of SSDECs of following states have been discussed in detail, final remarks of the SCAA are attached at **Annexure-II**

- i. Assam
- ii. Chhattisgarh
- iii. Himachal Pradesh
- iv. Jammu & Kashmir
- v. Kerala
- vi. Madhya Pradesh
- vii. Maharashtra
- viii. Meghalaya
- ix. Nagaland
- x. Punjab
- xi. Tamil Nadu
- xii. Uttar Pradesh
- xiii. West Bengal

**Agenda 4: Complexity In the Certificate issued for Building Completion Certificate (BCC) of ITIs.**

It has been observed that the Building Completion Certificate (BCC) is one of the crucial documents ensuring the safety of the building where the training is conducted. Although the affiliation norms, from 2018 provides clear instructions concerning the BCC, many institutes still submit incorrect BCC documents, leading to lingering compliance issues. To address this problem, there is a necessity to reiterate the instructions related to the BCC. The following points regarding BCC are clarified below:

- I. For New ITI and Existing ITI (in case additional construction is taken by ITI for additional trade units sought for affiliation):

अमृत पाल सिंह, जॉइंट डायरेक्टर  
AMRIT PAL SINGH, ISDS  
संयुक्त निदेशक/Joint Director  
पशुधन महानिदेशक/Directorate General of Training  
योग्यता विकास और उद्यमिता मंत्रालय  
Ministry of Skill Development and Entrepreneurship  
भारत सरकार, नई दिल्ली/Govt. of India, New Delhi

15

- a. If ITI falls in an area, where presently statutory physical plans like Master plan/ Development plan, regional plan, peripheral plan, zonal plan etc. exist then ITI need to submit a BCC with respect to name & address of the ITI, clearly stating that "the building(s) is fully constructed and ready and safe in all respects for the intended use as Industrial Training Institute (ITI) as per the local building Byelaws related to ITIs/ Technical Institution Buildings or latest National Building Code (N.B.C) of India". This certificate should be issued from the Municipal Authority/ Development Authority/ Competent Authority clearly stating the aforesaid statement in the certificate.
- b. If the ITI falls in an area, where presently no statutory physical plans like Master plan/ Development plan, regional plan, peripheral plan, zonal plan etc. then two documents are required:
- No statutory plan-** from District Magistrate (Collector)/ Development Authority/ Municipal Authority/ Any other Competent revenue Authority clearly stating that this ITI falls in an area, where presently no statutory physical plans like Master plan/ Development plan, regional plan, peripheral plan, zonal plan etc., should be submitted.
  - BCC with respect to name & address of the ITI** clearly stating that the Building(s) is fully constructed and ready and safe in all respects for the intended use as an Industrial Training Institute (ITI) as per the local building Byelaws related to ITIs/ Technical Institution Buildings or latest National Building Code (N.B.C) of India. This certificate should be issued from Government Civil/ Structural Engineer.

**II. For Existing ITI where no additional construction is undertaken for additional trade units sought for affiliation**

In this case, the existing Building Construction document is to be certified by the Municipal Authority/Development Authority or a Government Civil/ Structural Engineer. It should clearly state that the building is safe and sound, ready in all respects for the intended use as an Industrial Training Institute (ITI) as per the local building Byelaws related to ITIs/Technical Institution Buildings or the latest National Building Code (N.B.C.) of India.
